

This map of Texas displays its geographical features, including major cities, highways, and water bodies. The state is outlined in black, and its internal county boundaries are shown in light gray. Major cities are labeled in bold black text, including Houston, Dallas, Fort Worth, San Antonio, Austin, El Paso, and Austin. Highways are indicated by red and blue shields with white numbers. Water bodies, including the Gulf of Mexico, Lake Texoma, and various reservoirs and lakes, are shown in blue. The map uses a color-coded system: green for land, blue for water, and light gray for county boundaries. The map is oriented with North at the top.
